May first, 1950

At our last regular meeting April 27th various committees were appointed to make plans for the annual installation of the newly elected and appointed officers for the coming year. The installation is scheduled to take place next Sunday afternoon, May 7 starting at 2:30 p.m. Department Inspector, Comrade James Kinsley of Stone City Post 2199, Joliet, was present at the meeting and inspected our Post, as well as fifth district Chaplain Harry Goddard. Both of these Comrades gave brief talks highly complimenting our Post and our new home.

Commander Saarela invited all members of the Post to attend his and Mrs. Saarela's wedding party and dance which of course many of you know occurred last Saturday evening. Wm. Martin Post wishes Mr. and Mrs. Eino Saarela many, many years of happiness and prosperity.

As we were wandering around among the crowd at Commander Saarela's party we saw many people we knew and also many we never saw before and we want to tell you how happy they all appeared to be. One young fellow seemed particularly happy, we looked at him a second or two and then started to move on, but he grabbed us by the coat tail and says, "I bet you don't know me." "Nope," we says. "Well I'm the Office Boy."

"Oh," we says, "so you are the Office Boy and we have been wanting to meet you and get acquainted with you for quite some time. We thought perhaps you could do Wm. Martin Post a lot of good in one way or another."

"Yep, I sure can," he says. "But I want you Vets to do something for me." "What is it?" we said. "You know," he says, "I came down here tonight this evening before I finally got here. I rode my bicycle all the way down here and I just could not find a place to park a bicycle then I rode it all the way back home and walked down. If the Post will provide parking facilities for bicycles you will see me here more often," says we "the matter will have first priority at the next regular Post meeting on next May 11, 8 p.m. sharp, VFW home—Glenn C. Peterson, Publicity officer."

Among the out of town guests were Mr. and Mrs. George Bennett of Mokena, and their daughter Donna, and Mr. and Mrs. George Bernard of Minneapolis.

For her wedding trip to northern Minnesota the bride wore a gray suit with navy accessories. The couple arrived in Mokena Sunday where they will make their home in the apartment above Braun's confectionery. Mr. Saarela is employed as a tester for the Will County D.H.I.A. No. 1 in this vicinity.

At a meeting held last Monday, Commander Wilbert Mager and his committee made plans for this big event.

Commander Mager reports that the necessary committees have been appointed to handle details of running this festive program, and that preliminary plans decided upon promise loads of fun for old and young alike.

Proceeds from the week's festivities will be added to the building funds of the VFW Bremen Post to rebuild their Club House and Post Home, destroyed by fire in 1948.

Commander Mager reports that plans were made at last Monday night's meeting to hold a Beauty Contest in connection with the Homecoming activities. Not only Tinley Park girls will participate in this contest, but neighboring VFW Posts will be asked to send their beauty choices to this event, and the winner of the Homecoming contest will be crowned "Miss VFW of 3rd District." The lucky lady will receive a complete wardrobe, plus other gifts, and will be sent to the state VFW Beauty Contest with all expenses paid. Commander Mager urged all girls 16 and over to enter this contest.

The climax of the week's activities will be a large parade with bands and floats. Many nearby posts will participate. Indications are that the parade will be well worth seeing. Commander Mager has promised a complete program of events and entertainment for this coming week.

The Mokena Volunteer Fire department members are busy preparing for their fifth annual dance and pinochle tournament. This will be held Saturday evening starting at 8 o'clock May 13 in the VFW new hall on Wolf road.

For a good time, according to those planning this affair, and also according to those who attended the dance last year, you will want to attend. There will be plenty of available refreshments, a good orchestra and good awards for winners in pinochle.

We never can tell when the fire siren blows who it is for, but that makes no difference to the firemen, they go, rain or shine, day or night, hot or cold. We show our appreciation to them by attending their yearly dance and the money derived from it will be used for everyone, to improve and sustain the fire department. The slogan is: "See you at the Firemen's dance and card party."

**Answer to 'Letters
To The Editor'**

After reading the communication of Cal Heath, Jr., in last week's issue concerning theater advertising, Mrs. Venette Askounes of Chicago came to our office to advise Mr. Heath and all, that there is a Towne theater in Midlothian which is desirous of serving everyone.

The Towne theater, 147th and Crawford, is under new management, that of Mrs. Askounes. The theater has just completed a remodeling program which includes the latest in sound system, new seats, screen and projecting machine. They have recently made an agreement with the major film companies which have given them the right to show pictures soon after showing in downtown Chicago.

The management stated their idea was to have a theater so it will not be necessary to go to Chicago to see good shows.

Beginning this week the Towne theater at Midlothian and the Roxy at Lockport have started a regular weekly advertising campaign in this paper.

Salvation Army Prepares for Drive

Thirty-five suburban chairmen who will be helping Mrs. Walter A. Kraft with The Salvation Army's annual Doughnut Day on June 16, were guests at a tea at her River Forest home at 2 p.m. Wednesday.

These women will be in charge of volunteers who will sell tags in the Chicago suburbs.

Gowns and accessories similar to the styles that will be displayed at the fashion show to be presented at The Salvation Army Taggers' rally May 18 at the Chicago Civic Opera house, will be modeled for the chairmen.

One ticket to the Taggers' Rally and fashion show will be given to each woman signing up to sell Doughnut Tags on June 16. The show, second annual presentation of "Summer Starts on State Street", has been obtained by the Doughnut Day committee for the entertainment of the taggers, Mrs. Kraft pointed out. The show will be planned around the results of a survey of suburban and Chicago home-makers who served as Doughnut Day taggers in 1949.

Women interested in volunteering may register at Doughnut Day Headquarters, 205 W. Wacker dr., Dearborn 2-4409.

Major Amy J. Adams, superintendent of the Booth Memorial

hospital, 5040 N. Pulaski rd., will explain how funds raised on Doughnut Day supply an important part of the support for The Salvation Army's medical and dental clinics, hospitals, day nursery, summer camp and recreation and youth programs.

Representatives from Tinley Park and Orland Park are expected to attend the tea.

SCRIPTURE: Hosea, (especially chapters 1-3.) DEVOTIONAL READING: Psalm 121: 1-5.

Tragedy to Truth

Lesson for May 7, 1950

GOOD PREACHERS are not all of one kind. In listening to some of them, you have the impression that what this man says would be just as true if another man said it; that he is uttering a universal truth that might as well have been written on the sky; he is a voice, only a voice. In listening to other good preachers you have the impression that no other man could have said this as well as he; what he says is distilled from his own experience; he is not only a voice, he is a heart, and you hear the man's heart-beats all through his words. Now Hosea was this kind of prophet. You might say that his experience was the text of all his sermons.

Dr. Foreman

And so They Were Married

THE STORY of Hosea is in chapters 1-3. (Experts in Old Testament study have never quite agreed as to the meaning of the story. However, the interpretation which is offered here is the one now held by the majority of scholars.) It is the story of Hosea's marriage to a girl named Gomer. If it was a normal marriage, he loved her with all his heart, and his hopes for the future were as bright as any young bridegroom's could be. In time they had a little boy named Jezreel.

Then came the second child, a girl named Lo-Ruhamah. In Hebrew, that name means "No-Mercy." What a name for a little girl! But is it possible that Hosea named her for her mother—not for her mother's name but for her mother's character? At all events, things were not well in that home; indeed, it soon ceased to be a home. For when the third child was born, Hosea gave the boy the dreadful name of Lo-Ammi, No-Child-of-Mine.

There was no use in pretending any more. The home had collapsed, happiness had fled. No experience a man can have is more bitter than this, to know that the one great love of his life has been given to the wrong woman. But Gomer vanished, leaving Hosea, as such a woman would, to care for the three motherless children.

Home Again

HOW MANY MONTHS or years later it was we do not know. But one day, in the slave market, Hosea saw a woman for sale. The price was low (as slaves went in those days); evidently few buyers were expected. A half-price slave would not attract attention from most men, but Hosea looked twice. . . . Yes, it was his Gomer! Where she had been, who had abused her, made her a slave, how many times she had been sold and resold, no one knows. But there she was.

Hosea might easily have stood and laughed bitterly in her bedraggled face. It serves her right, he might have thought. The way of the transgressor is hard, she made her bed and now she can lie in it. Justice has been done, I am avenged. And with a parting curse he might have gone his way.

Somehow beneath all the shame and disillusionment, beneath the bitterness and the pain, still the old love was burning bright. Paying the small price asked, he took Gomer home again. Love had conquered evil.

Long before Christianity, Hosea did that rarely Christian thing, he did good to one who had done him harm. Gomer was unloving, unlovable; yet he loved her in spite of all.

Sermons From the Heart

THIS BITTER EXPERIENCE God turned into a blessing, for Hosea and for his nation and for us. In our study next week we shall see more of what God taught Hosea through these experiences.

But the first thing Hosea learned was that the experience was a lesson, God's lesson. He could even look back on the tragedy of his marriage and see that God was leading him all along, from the very first. God knew what sort of woman Gomer was and would be, yet he wished Hosea to marry her. God intended that he should go through just those years.

Without the tragedy, he could not have arrived at the truth. His sermons thenceforth came from the depths of his heart. Hosea, like all the prophets, denounced sin; like all the prophets, he could see the fatal effects of sin on his nation.

YOUR LOCAL INSURANCE AGENT SERVES as well as SELLS

As a local business, your insurance agent does not merely "sell you insurance." He BUYS Protection for you from the companies he represents and he does this on a most economical basis, consistent with sound underwriting principles.

His job is to be certain that you have adequate protection at all times. It is a local job, handled most effectively by a local insurance agent.

CHARM and EFFICIENCY

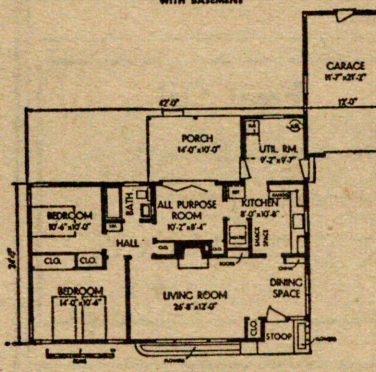

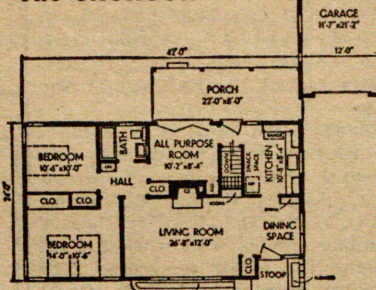

Featuring Cedar Shingle Roofs and Sidewalls

This is a truly modern home that will well satisfy the requirements of the discriminating American family. It is carefully planned to include many worthwhile features and its durable construction makes it complete in conveniences and lasting satisfaction.

The all-purpose room which is suitable as a nursery, playroom, study or guest bedroom can be made a part of the large porch by opening the doors to full width at the rear. Note that all rooms are large and ample closet facilities are provided. The garage at the right, although semi-detached, is skillfully and harmoniously tied into the exterior design.

The walls of cedar shakes are rich in appearance but surprisingly economical to build. They are available in a multitude of color selections. Cedar shingle roofs look better, last longer and cost you less for every year of care-free service.

The JACKSON

Shown above are two floor plans. With basement and without basement. Only slight changes have been made in the plan to provide for a large utility room in the plan without basement.

OF MICE AND MONKEYS—Cynics have been heard to comment that feminine hat stylists, who have used everything including the kitchen sink for their creations, should go to the zoo for fresh inspiration. A Chicago designer did just that, and came up with the headgear pictured above. The straw topper at left, entitled "Three Blind Mice," sports a trio of rodents complete with trap and artificial cheese. Two monkeys perch at a rakish angle atop the simian style at right. Both are modeled by Penny Karno.

Mr. and Mrs. Arthur Wilson, 80 avenue are the parents of a nine pound baby boy born Saturday, April 29 in St. James hospital in Chicago Heights.

Mr. and Mrs. James Dixon, 79 avenue entertained their pinocchio club Sunday. There were 12 adults and 17 children present at the party. Frank Carter of Chicago and Steve Studnicki and son Ronnie had Sunday dinner with the Walter Carters of Hillside road.

Mr. and Mrs. Jack Miller of Western Springs spent Sunday evening in the home of the Robert Wheelers.

Last Sunday afternoon, the Ann Rutledge school was the scene of much laughter and stamping of feet as the teen-agers of the community gathered to learn the hows and whys of "swingin' your partner", in preparation for next Saturday square dance which will be held in Frankfort school gym. Jim Lackey, well known caller who instructs classes in Chicago, will do the calling next Saturday and if you've never had the fun of square dancing, now is the time to learn. There will also be a card room and every one is urged to attend as there will be fun and refreshments for young and old.

The seventh and eighth grades of Ann Rutledge school held their annual banquet last Saturday evening, April 29. The school was beautifully decorated in a spring motif and a delicious meal of fried chicken was served to the parents and guests.

Following the meal a well planned program was presented by the graduates and the seventh grade pupils. Special thanks should go to Mrs. Isabel Davidson, teacher of the upper grades who worked hard to make the affair a success. The graduates this year include Carol Ott, Ronald Schaper, and Martin Patrick.

THE CABOT features a large combination living and dining room which dominates this three bedroom house. Of especial interest are the large batteries of windows which overlook the front, side and back yards.

The small front bedroom is flexible and may also be used as a den or an office since it is easily reached from the entrance vestibule. The other two bedrooms are cross ventilated and possess large twin ward-

robe closets. In addition to these, a linen closet and two clothes closets are conveniently located in the bedroom hall. Front bedroom windows are high to add wall space for furniture.

Overall dimensions are 44 feet by 28 feet. Floor area is 1,124 square feet and cubeage 21,886 cubic feet.
